## **Appendix 13-1** **Photographic Record**

Laurclavagh Renewable  
Energy Development

## 13 Photographic Record of Site

### 13.1 Proposed Wind Farm Infrastructure Locations

*Plate 1: General view of T1, looking SW.*

*Plate 2: Proposed road to T1, looking N.*

Plate 3: Proposed road to T1, looking S.

Plate 4: Existing road between T1 and T2, looking E.

Plate 5: Proposed road to T2, looking NE.

*Plate 6: General view of T3, looking ENE.*

*Plate 7: General view of T3, looking WSW.*

*Plate 8: General view of T3 and proposed road to same, looking SSE.*

*Plate 9: Proposed road NE of T3, looking ESE.*

*Plate 10: Proposed road NE of T3, further to E, looking ESE.*

*Plate 11: General view of T5 and associated hardstand, looking NNW.*

*Plate 12: Route of proposed road between T4 and T5, looking SW.*

*Plate 13: General view of T4, looking SW.*

*Plate 14: Proposed road to T6, looking SE.*

Plate 15: General view of T6 and hardstand, looking SE.

Plate 16: Proposed road between T6 and T7, looking ENE.

Plate 17: Existing track to NE of T7 and general view of T7 and hardstand area, looking SW.

*Plate 18: T8 and associated hardstand, looking NE. (Image captured January 2023)*

*Plate 19: Proposed road between T8 and proposed substation.*

*Plate 20: Proposed temporary construction compound to NE of T8, looking SE.*

Plate 21: Proposed road to SE of proposed temporary construction compound, looking SE.

Plate 22: Existing track due for upgrade towards east side of Proposed Wind Farm site, looking SW.

Plate 23: Route of proposed road through pasture at east side of Proposed Wind Farm site, looking NW.

## 13.2 Proposed Grid Connection Infrastructure Locations

Plate 24: Proposed substation and associated temporary construction compound, looking SE.

Plate 25: Proposed underground cabling route along public road in Killeelaun townland, looking SE.

*Plate 26: CH3 bridge on proposed underground cabling route.*

*Plate 27: Proposed underground cabling route in Cloontooa townland.*

*Plate 28: Bridge CH4 on proposed underground cabling route at Cloonscragh.*

*Plate 29: Entrance to existing Cloon 110kV substation.*
